

INDEX

Alcohol Health & Research World, Volume 14

Index of Authors

A

Altura, B.M.

Alcohol, stroke, and the cerebral circulation
Number 4, Pages 322-331

Altura, B.T.

Alcohol, stroke, and the cerebral circulation
Number 4, Pages 322-331

Arria, A.M.

Liver-brain relations in alcoholics
Number 2, Pages 112-117

B

Bauer, L.

The nervous system and the predisposition to alcoholism
Number 2, Pages 90-97

Berman, M.O.

Severe brain dysfunction: Alcoholic Korsakoff's Syndrome
Number 2, Pages 120-129

Bertolucci, D.

Years of potential life lost and other trends in alcohol-related fatal traffic crashes: 1977-1987
Number 1, Pages 63-68

Bora, P.S.

Fatty acid ethyl esters and heart disease
Number 4, Pages 285-288

Buck, K.J.

The processes of alcohol tolerance and dependence
Number 2, Pages 105-110

Burns, M.

Effects of alcohol on driving performance
Number 1, Pages 12-14

C

Cermak, L.S.

Cognitive-processing deficits in chronic alcohol abusers
Number 2, Pages 130-136

Charness, M.E.

Alcohol and the brain
Number 2, Pages 85-89

Chung, M.K.

Introduction to the cardiovascular system
Number 4, Pages 269-276

Connors, G.J.

Clinical diagnostic techniques and assessment tools in alcohol research
Number 3, Pages 232-238

Crabb, D.W.

Molecular cloning in alcohol research
Number 3, Pages 197-203

Crabbe, J.C.

Animal models as tools in alcohol research: An overview
Number 3, Page 178
Genetic animal models
Number 3, Pages 179-186

D

Deitrich, R.A.

Importance of animal research to alcoholism treatment and prevention
Number 3, Pages 176-177

Doria, J.

Alcohol-drug interactions: Perspectives on research and prevention—An interview with Markku Linnoila
Number 1, Pages 15-17

Computers in alcohol research: An overview

Number 3, Page 245

Computers in prevention research
Number 3, Pages 246-251

Alcoholic cardiomyopathy: Clinical, pathological, and experimental aspects
Number 4, Pages 277-284

Alcohol, women, and heart disease
Number 4, Pages 349-351

F

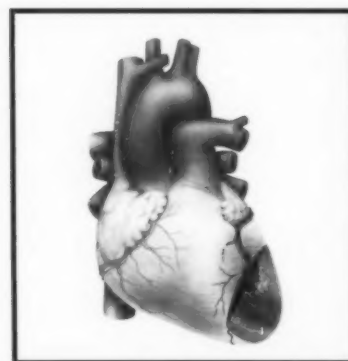

Fell, J.C.

Drinking and driving in America: Disturbing facts—encouraging reductions
Number 1, Pages 18-25

Tools of Alcohol Research

Drinking and Driving

Alcohol and the Cardiovascular System

Friedman, H.S.

Alcohol and hypertension
Number 4, Pages 313-319

Fuller, R.K.

Controlled clinical trials
Number 3, Pages 239-244

G

Goodwin, F.K.

The value of animals in alcohol-related research
Number 3, Pages 173-177

Grant, B.F.

Years of potential life lost and other trends in alcohol-related fatal traffic crashes: 1977-1987
Number 1, Pages 63-68
Standardized diagnostic interviews for alcohol research
Number 4, Pages 340-348

Grant, K.A.

Behavioral animal models in alcohol abuse research
Number 3, Pages 187-192
